

Student Requirements

How do you know if the apprenticeship program is right for you?

While Guilford Apprenticeship Partners offers students opportunities across a range of fields, there are some general characteristics that you can use as a guide to know if you will be happy and successful in an apprenticeship.

- Do you enjoy science, math, or technology?
- Do you like to work with others on a team?
- Do you arrive at school on time and complete assignments on time?
- Do you like the idea of starting your career now?

If you can answer yes to these questions, apprenticeship may be just the path for you!

The apprenticeship program also has some specific requirements for applicants.

Student Apprenticeship Requirements

- Minimum unweighted GPA of 2.5 – 2.8
- Must be a high school junior or senior to apply
- Math 1, Math 2, and Math 3
