Class Overview

Welcome to AP Government and Politics with Mr. Macmillan! In this course we will take a deep dive into the structure and function of American democracy. The United States has one of the oldest Constitutions in the world, and created a frame of government that is still in action today. Our goal is to understand how our government is set up, how it gets things done (or doesn't get them done), how people get into government, and analyze the ways the American people interact with and influence our government.

This is not a required course for graduation, however you can get college credit for completing the course and getting a 3 or higher on the AP Exam.

How to Succeed:

- 1) **Come prepared.** Come to every class on time. You need all materials listed below every class period.
- 2) **Complete your assignments on time.** You don't want late penalties!
- 3) **Review every day.** Use Quizlet, videos, and your notes to review.
- 4) **Ask questions.** You probably aren't the only one with that question!
- 5) **Phones:** keep them in your bags on silent. No music unless during independent work.
