## Celebrating Our Success in the First Quarter!

On Thursday, November 14th, all of our Washingtonians and their family members came together to celebrate the accomplishments of the first quarter. This was a time for us to also set new goals for the rest of the year! We can't wait to continue to grow throughout this year.

## Learning at Washington!

At Washington Elementary we are constantly learning new things! In Kindergarten, students are learning about different shapes. In first grade, students are learning how to subtract within 20. In second grade, students are learning how to measure in inches and feet. In third grade, students are learning how to estimate to solve word problems. In fourth grade, students are learning about representing decimals. In 5th grade students are learning how to divide fractions. We love learning at Washington!

## World Kindness Day

November 13th we celebrated World Kindness Day, we asked student how they could be kind?

I can show kindness by helping lift others up when they feel down. - Madison

I can show kindness by helping someone if they need help on their work. - Za'Mora

### 4th and 5th Grade Field Trip to the High Point Children’s Museum

The 4th and 5th graders had so much fun at the Children’s Museum. Some of the highlights included the rock climbing wall, the space station, and the arcade room. The Space Station room was really cool because we could talk all at the same time like you would talk to an astronaut.

### TEACHER INTERVIEW

#### MEET MS. BOTTA!

**Q: Why did you want to be an art teacher?**

**A:** I wanted to be an art teacher because I love art and I think everyone is an artist and I want to teach others how to be artistic.

**Q: How long have you been a teacher?**  
This is my first year at Washington and my fifth year teaching.

**Q: What is your favorite color?**  
My favorite colors are purple and green.
