### About the Scholarship

Krista Smith was a vibrant young lady who lived life to its fullest despite having type 1 diabetes. She was bright, joyful and a light to everyone she met. She experienced many of life's pleasures and her favorite hobby was traveling. She was accepted to her dream school, Appalachian State University and planned to pursue a degree in social work. She passed away peacefully due to complications from diabetes at the age of 17 in 2020.

To carry on Krista's legacy, The Krista Smith Foundation awards an annual scholarship to those desiring to further their education in her memory. This scholarship is awarded to students who have type 1 diabetes, show good academic standing, and exemplify selfless acts of volunteering within their community.
