

Good Evening Southwest Parents,

This is your proud principal, Dr. Richmond, reaching out about student schedules.

Today, your child's schedule became visible in the parent portal and through some students connections as well.

We do our best to get schedules as close to accurate as possible. We have to navigate student preference, academic criteria for certain courses, and class-sizes. With that said, please know that **the schedules you may see may not be fully finalized.**

My administrative team goes through every schedule individually for accuracy, as well as many newly enrolled students' schedules are in process.

Here is what you can expect

-Most student homeroom teachers are finalized.

-When you come to open house, you will go to homeroom where you will receive a printed schedule for our student.

-If there are concerns or wants for a schedule change, the counselor for each grade will be located in their respective grade level commons areas (Counselors will not make schedule changes in real-time due to the above mentioned information. They will take your information and make those changes within the first two weeks of school as availability allows).

Look forward to seeing you soon!

Dr. Richmond
