## SHOUTOUTS FOR THE WEEK!

TEACHER SEL SHOUTOUTS -  
MS. COOK - SOCIAL EMOTIONAL LEARNING COACH

6th Grade:

**Ms. D. Williams** has stepped up and shown out with SEL. Being in a classroom that is not your own is obviously not the easiest thing to do, but D. Williams has excelled in making sure that she is implementing SEL in her work in that classroom.

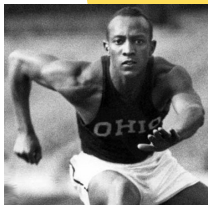

7th Grade:

**Ms. Dawson** has been killing it using SEL in her classes and making it fun and engaging for the students. She's always so excited to tell me what the students have been doing and how much they are enjoying it.

8th Grade:

**Mr. Davis** has been very adamant about including SEL into his daily lessons and making sure that it flows for the lesson that he is teaching. I can't wait to see it put into practice in his room.

## QUOTE FOR THE WEEK!

*We all have dreams. In order to make dreams come into reality, it takes an awful lot of determination, dedication, self-discipline and effort.*  
- Jesse Owens
