## What does Guilford County Schools do well?

- Caring teachers and staff.
- Good communications.

## What can Guilford County Schools improve?

- Retain and reward proficient teachers and staff.
- School system employees' salaries.
- We need to prioritize schools performing low and establish a task force to work on planning more summer learning and enrichment programs.
- GCS needs to work on improving feeder school patterns and student assignment for students need more options such as arts, math, science and career courses.
- Better diversity training for all staff.

## What advice would you give Superintendent Contreras and the Board of Education that will assist them in moving the District forward?

- Keep parents informed.
- Assure teacher needs are supported and met for certification and training, class size, teacher assistants and support staff, and time management and constraints.
- Build larger schools to accommodate more students.
