

WELBORN ACADEMY OF SCIENCE AND TECHNOLOGY

1710 MCGUINN DRIVE | HIGH POINT, NC 27265 | PHONE: 336.819.2880

WHO WE ARE

Welborn Academy of Science and Technology is actively engaging students in investigating, discovering and applying concepts from all core areas to real-world issues through the lens of scientific thinking skills. The support of technology further enhances the building of critical thinking skills while ensuring our students move toward college and career readiness.

WHAT WE OFFER

- Science themes are incorporated throughout each grade level with an emphasis on physical, earth, environmental and life sciences.
- Students are exposed to technology themes throughout each grade level, primarily through CTE courses. Courses include Keyboarding and Basic Word Processing, Exploring Technology, Multimedia, Animations, and Game Discoveries, Exploring Engineering and Design, and Exploring Aviation Technology.
- Our new Project Lead The Way (PLTW) Gateway curriculum empowers students to lead their own discovery. Students engage in PLTW's stem-based activities in computer science, engineering, and biomedical science where they see a range of paths and possibilities they can look forward to in high school and beyond.

POINTS OF PRIDE

- In 2017, Welborn Academy of Science and Technology received thousands of dollars in new and used musical instruments from National Pawn.
