Basic Principle of Financial Aid

$$\frac{\text{Cost of Attendance (COA) at institution} - \text{Expected Family Contribution (EFC)}}{\text{Eligibility for Need-Based Funds at institution}}$$

A family's ability to pay must be evaluated in an equitable and consistent manner while recognizing special circumstances that may alter a family's ability to pay. The FAFSA is used for this purpose for federal and state student aid programs.

NC Makes College

More Affordable

We understand that college is expensive. But North Carolina ranks in the Top 5 in college affordability nationally. And, we're doing even more to make college affordable for everyone. Here are three ways North Carolina makes college more affordable for you:

NC PROMISE

With NC Promise, three North Carolina universities now charge just \$500 tuition per semester for in-state students.

FIXED TUITION

All 16 UNC System universities have fixed the cost of tuition. That means, when you start college, your tuition will not increase for four consecutive years.

FINANCIAL AID

About 60% of North Carolina college students receive some form of scholarship, grants, or financial aid. And you could, too!
