

4th Grade News

Week of
December 14-18

A Peek at the Week

Math: We will be dividing multiples of 10, 100, 1,000 by single digit numbers. We will be working on dividing 3 and four digit numbers by divisors, 2, 3, 4, and 5 with remainders up to 3.

ARC Skills: This week, we will continue to learn about text structures. We will complete activities to review text structure and main idea. We will also be working on Vocabulary.

Reading Groups: Reading groups and one on conference schedules are posted on the ELA reading page and also in Class dojo. Please make sure your child attends (on time).

Important Updates

Live Sessions (Cameras):

During live sessions, it is imperative that your child have their camera on. This allows us to see who is participating and sitting at their device while learning is happening. It is also a wonderful way for us to take attendance.

Group Meeting:

Students should be aware of their new one on one reading conference schedule. This is to prepare them for their return to school and work/assess each child on their own reading level.

**Students will be asked to bring their devices and headphones when we return to school. Please let us know if your child does not have either of these to bring. The dollar tree is a great place to find ear buds.

** Important Dates

Dec. 23-Jan. 4 - NO SCHOOL (Winter Break)

Jan 5 - Expected return to face to face please follow news for updates

Parent Tips

- If your child has a device with alarms, please set alarms to go off a few minutes before they are expected to watch a pre-recorded lesson or to join their teacher for a live session.
- Checking Grades on Canvas allows you to see that their work is complete. It does not reflect actual grades. To see the grade for the class you must check powerschool.
