Indicators Assessed

Objectives Planned For

Monitor (updates made)

Marked two tasks as complete

- Men of Destiny mentors
- Math/ELA goal teams

VII. Other Business

Action Taken:

We need 4 more items for the staff attendance. PTO will help with this next year. Jeans Passes, Duty Free Lunch Passes were mentioned along with contacting local businesses for donations.

Reviewed DIBELS/TRC Testing Proposal. For 16 days 3 times a year – assistants are being pulled to watch classes for testing – which interferes with small group instructions. Looking for ways to cover using specialist and altered schedules to try and limit the amount assistants are pulled is being

considered. Grade level representatives will have to take the proposals to grade levels to get feedback. This will be voted on at a staff meeting. Mrs. Beasley will work with Mrs. Quate to create a version of the proposal that will be easier to understand to share at the next staff meeting. There's no easy way to get this accomplished.

Teaching Your Passion – this is based on a visit at McLeansville Elementary where they have a similar program that occurs every morning to build student interest. Based on the list of skills teachers said they were excited about teaching. We would have a teaching your passion day that would occur at the end of the school day where students could select a place to go and do an activity. Mr. Taylor will be asking for parent volunteers to come in and help support the events. This program will start small and possibly expand and grow over time. This will likely happen sometime in April. Possibly the week of April 24th.

Alamance/PG Staff Basketball game – April 12

Mother/Son Ball – April 20

NC Star Review – Updating PEPs and insuring it's submitted and approved needs to be done.

- Men of Destiny – completed on SIP.
- Math and ELA Goal teams met on February 5. This item was marked completed on SIP.

Abbreviated observations will begin starting Thursday. There will be one more comprehensive cycle of observations.

Interim dates may change. Currently they are due to Mr. Taylor on Friday.

Comp time starts at 3:30 PM.

Concerns about trash on the playground. Encourage students to pick up after themselves. Possibility of doing an assigned time and area to have classes clean up periodically throughout the year. There is a damaged pole on the K playground a work order needs to be done. It is taped off and it's been marked off for a while without repair.

A desire for a consistent system for specialists to report back to classroom teachers how a class behaved in a special so classroom teachers can reinforce behavior.
