ACT

Eligibility- <https://www.act.org/content/dam/act/unsecured/documents/FeeWaiver.pdf>

If you are testing on a national test date and can't afford the registration fee for the ACT or ACT with writing, you may be eligible for an [ACT Fee Waiver](#). Information about the eligibility requirements and how to request a fee waiver is sent each summer to high schools. You should work with your local high school to determine your eligibility.

You must meet all the following requirements:

1. Currently enrolled in high school in the 11th or 12th grade.
2. Be testing in the US, US territories, or Puerto Rico.
3. Meet one or more indicators of economic need listed on the ACT Fee Waiver form.

If you are eligible, you may use a maximum of two separate fee waivers total. The waiver is used once you register, even if you do not test on the requested test date.

IMPORTANT: To take full advantage of the waiver, you must follow through and test on your registered test date.

Fee waivers cover only the basic registration fee for your test option on a national test date, including up to four college choices (if you provide valid codes when you register). After registration, the student can request up to an additional 20 regular score reports for free. Waivers do not cover the late registration fee, test date or test center changes, standby fee, additional score reports, or any other services.

You cannot request a fee waiver directly from ACT; you must contact your high school counselor. If you receive an ACT Fee Waiver Form, follow the "How to Apply this Fee Waiver" on it for your registration method (or if requesting Special Testing).

Note: If you register online, and register during the late period or request any additional services, you must enter a credit card
