Renaissance Home Connect links to AR BookFinder, the new online search tool that makes it easy for you and your child to search for the next AR book to read.

You have the option to receive email notifications at home or at work when your child has completed an Accelerated Reader Quiz.

This screen provides a list of words learned and results on their latest Vocabulary Practice Quiz.

Your child’s progress toward reading goals can be monitored by either marking period or school year by using the drop-down menu.
Renaissance Home Connect also provides you with a snapshot of your child's math progress, including average percent correct on tests, number of math objectives mastered, and results on the last test.

You have the option to receive email notifications at home or at work when your child has completed an Accelerated Math test.

This screen enables you and your child to view a list of all of the math objectives that have been mastered during the school year and the week in which they were mastered.

Worked Examples build procedural knowledge for math skills by providing step-by-step guidance on how to solve problems for each Accelerated Math objective.

If your child leaves a homework assignment or exercise at school, you can reprint it at home.

If the teacher has the scoring preference turned on, your child can score assignments from home by filling in the electronic scan card just like they would a paper one.
