

SBLT Meeting

September 15, 2020

Old business:

- We discussed Title 1 budget and discussed items that could be purchased with money. Members were asked to go back to teams and make "wish list" of sorts with suggestions.
 - New members were added (treasurer and confirmed PreK and EC members)
 - SBLT roles were discussed with team. Nobody has any questions about this.
 - Device Distribution? How is this going? Q and A about this (members wondered when laptops would be available for older kiddos)
- Zimmerman also answered other remote learning questions that team members brought to the meeting. This was the bulk of the meeting

New Business:

Title 1 parent night. We discussed this and how best to format this meeting. We decided that a Live Teams event would work nicely. We set the date for October 22nd.

Looking ahead:

Next meeting is Oct 7th. This is not normal meeting day but we have to approve the Title 1 plan that is due on 10.9.20

Mrs. Harrelson has items to purchase for STEM. We will discuss at an upcoming meeting.
