

Attendance: Clark, Brewster, Napper, Alston, Stone, Ledbetter, Hyde, Irby, Weathers, McGoogan, Mimmy, Shrewsbury, McCoy

Remote learning:

- Do not panic if families are not able to get online. Students who you are able to get in contact with (phone call, dojo, completed packet) should be counted as present.
- Must send homework packets for Wednesday - Friday
- Teachers must contact families if you have not heard from them. Remote days are days that do not have to be made up and if we do them right, hopefully we will be able to keep them.
- Specialists will have a choice board for teachers to send home.
- Schedule: Full hour of math lesson, full hour for reading (doesn't have to be the exact time that was sent out through email) teachers do not have to teach for the full hour, they can allow time for students to complete independent work and be there for questions.
- 30 minutes for Zearn and 30 minutes for Amplify.
- 1 hour block for science for 5th grade. 30 minute block for office hours on Teams.
- Record lessons and upload on to Canvas.
- 4th and 5th grade need to teach for 1 hour but up to the specific team
- Zscaler - send out the information that McGoogan sent out last time
- Send out a paper that has all log-in information
- Have students login on Teams and walk them through how to get on
- Teacher pages on Canvas makes it very easy for students
- Students who did not turn back in chargers - do not get a charger sent home
