Sending home NWEA scores with students. Getting buy-in from students and families of the importance of the NWEA MAP assessment.

Share document for others to add to as ideas come up. Please put name on it.

Three tutors to help with our MTSS implementation. Computer lab cleaned out. They have their own space and schedule. Tutors use fast bridge, small group breakouts, each works on their own level in Zearn and Achieve3000.

Tutor's pull tier 3 and sit side by side in order to see gaps and where students are getting 'stuck.'

MTSS is a process for all students at all levels. MTSS address not only academics, but also behavior, attendance, and Social/Emotional Learning.

Achieve3000 ( Ela ) all students access can be used for intervention and/or supplemental resource.

Interventions for writing. Need Universal screener but currently there is none for writing. Need you screener and Standard Treatment Protocol to use
